Kamil **Lelonek**

#softwareengineer

📞 +48 530 855 875 ✉ kamil@lelonek.me 🌐 kamil.lelonek.me

🐱 /KamilLelonek in /in/kamillelonek 🏛 Wrocław, Poland

SKILLS

Knowledge of the following languages:

🔹 Elixir 🔹 Ruby 🔹 JavaScript 🔹 SQL

Knowledge of the following areas:

⚙ Web Backend
Elixir with Phoenix
REST API
Metrics and Monitoring

💻 Web Frontend
JavaScript with VueJS
ParcelJS
NodeJS

🌐 Software Architecture
Event Sourcing
DDD
CQRS

📊 Infrastructure
Nginx, DNS, Docker,
Ansible, AWS, Heroku,
Capistrano, CircleCI, TravisCI

🛡 Security
SSL
Authentication and Authorization
JWT

🗄 Databases
PostgreSQL, Redis, Cassandra
CDN
S3

Additional skills:

- ✓ **Ability to write a clean, fast, optimized, efficient, robust and well formatted code**
- ✓ Knowledge of aspects in the range of project management using the **Agile** methods
- ✓ Using the following tools & software: **Trello, GitHub, Atom, GoDaddy**
- ✓ Knowledge of different **programming paradigms** and **design patterns**
- ✓ Knowledge of application **testing** including TDD and BDD
- ✓ Ability of using **GIT** version control system
- ✓ **Continuous integration** and deployment

EDUCATION

Wrocław University of Science and Technology
Electronic Engineering
and Telecommunication
Department of Electronics
2011 - 2013

Wrocław University of Science and Technology
Computer Science
Department of Computer Science
and Management
2012 - 2015

Københavns Universitet (master's degree)
Department of Nutrition,
Exercise and Sports,
Preventive and Clinical Nutrion
2015 - 2017

SWPS UNIVERSITY
University of Social Sciences and Humanities
Health & Food psychology,
Psychodietetics
Department of Psychology
2017 - 2018

INTERESTS

Sports
Triathlons, Powerlifting,
Table Tennis, Rollerblading

Nutrition
Dietetics, Cooking

Science
Quantum Physics, Biology,
Medicine, Psychology

WORK EXPERIENCE

VOLVO IT (5 months internal project: July – November 2012)
– Scala Software Developer

SnipPool (3 months startup: December 2012 – January 2013)
– Android Software Developer

BLSTream (Patronage Student Program: January – July 2013)
– Android Software Developer (https://github.com/blstream/UrbanGame)

VOLVO IT (4 months internal project: July – September 2013)
– Java Software Engineer

BLSTream (GFE: August – October 2013)
– Android Software Developer (http://www1.good.com/applications/collaborationesuite/goodeforenterprise/)

BLSTream (Patronage Student Program: January – June 2014)
– iOS Software Developer (https://github.com/blstream/MyGuide)

Arkency (November 2013 – November 2014)
– Full-stack Developer

Wouinvestments (November 2014 – November 2016)
– Partner and CTO

Woumedia (November 2014 – November 2016)
– CTO and Tech Lead

Tooploox (November 2016 – currently)
– Senior Software Consultant

COMPLETED COURSES AND TRAINING SESSIONS

Making applications for Android Programming in Windows Phone

Wrocław University of Technology

Lego Game; TIETO Workshops:
Scrum project simulation
Agile project management

Capgemini Academy

Enterprise Web Applications
Designing complex system architectures
Managing and orchestrating microservices

Ardeo

**Pair programming
Test Driven Development
Domain Driven Design in practice**

Capgemini

**Windows Phone workshops
C# web development
Azure cloud management**

Nokia & Microsoft

Algorithms and Data Structures
Theory of computing complexity, practical code optimization, High performance and low latency systems

Nasza Klasa

I've also completed **Greg Young's CQRS, Domain Events, Event Sourcing and how to apply DDD**

MEMBERSHIP IN SCIENTIFIC ORGANIZATIONS

Scientific Association Piast.NET

Education and development of skills in the range of Microsoft technologies and Windows Phone programming.

http://piastdotnet.wordpress.com/about

Scientific Association ISA[2]

Training sessions in the area of programming in the Android environment; mobile devices programming workshops.

http://autonom.iiar.pwr.wroc.pl/mobile

Google User Technology Group Wrocław

Training sessions in the range of Google technologies and Android devices programming lectures.

http://wroclaw.gtug.pl

Kredek – creation and development group

C# programming course, learning .NET, ASP.NET technology, managing SQL Servers.

http://www.kredek.iiar.pwr.wroc.pl

DRUG - wrocław Ruby user group

Ruby and Rails software engineering.

http://drug.org.pl

Scientific organization TeMoMuKo

Android Software Development, building advanced mobile applications.

https://www.facebook.com/TeMoMuKo
